Items Needed for Two Events

On Tuesday, August 10th, the Chamber is hosting lunch for the new teachers of our Kearney/Holt school district. In addition to lunch we give them a goodie bag with a gift certificate from the Chamber. We will be welcoming eight new teachers and if your business has something they'd like to put in the bag it would be greatly appreciated! The next big event is the Jesse James Territorial Shoot, held the weekend of the Jesse James Festival. Up to 150 people from 35 states are expected to come compete in this shoot. The Chamber is supplying the gift bags and information about Kearney and again, if your business has an item they'd like to add to the bag I'm sure these out of town visitors would feel very welcomed to Kearney. Last day to donate an item is this Friday, August 6. If you cannot drop off your item please contact Siouxan Eisen at the Chamber and she will come by and pick it up. Thank you in advance for your generosity!

Business of the Month – Eagle Vision Productions

Eagle Vision Productions has been serving the Kansas City & Northland for 13 years of our 18 years in business. We have preserved the memories of thousands of businesses, families and individuals. We have transferred over 1,000,000 feet of film from

all over the world including 8 mm, super8mm and 16mm film.

We now have a new location to better serve our growing customer base with our 3000+ square foot production facility, sound recording booth and offices in downtown Lathrop, MO. The address is 605 Oak Street.

With that, our list of services have expanded exponentially. We now offer website creation, hosting, data base creation, marketing, video streaming and web-casting. You can view some of our recent creations at

weberseeds.com and adpaydaily.com

Our reliable duplication and replication of DVD and CD's with custom printing has been one of our specialties. We now offer video transfer to external hard drives in addition to DVD's. We also offer product fulfillment services, scripting, storyboarding, video editing services, commercials and infomercials.

Our most recent project took us to Alaska for 5 days of a video and photography production. We returned with breathtaking video and photos of mountains, wildlife and the ocean.

We still accept drop offs in Kearney if that's more convenient. Technology

changes rapidly. Your business may not require or cannot afford to be continually replacing tens of thousands of dollars worth of professional audio, video, and photography electronics for your promotional or professional presentations.

Consider hiring a professional to do the videos for your website.

We will be happy to show you the difference.

Chamber Chatter

susceptible to becoming the target of a government investigation or work place inspection. And while there is little to look forward to in either, it is possible to survive these ordeals unscathed. Here is what you need to know when that government employee comes knocking at your door.

If you own or represent a small business and have questions regarding human resource and/or safety requirements (owners, potential owners, executives, HR Specialists, Safety Coordinators), this information session is for you.

The date is Tuesday, August 10, 8:00 a.m. 11:30 a.m. at the MCC Business & Technology Campus (1775 Universal Ave., Kansas City, MO Room TC200. To Register, contact info@mccbts.com or 816-604-5400.

Rotarian of the Year Award

Tori Garrett, VP of Lending for KCB Bank, was recently honored for her service to the global community. The Kearney Rotary Club presented Garrett with a special "Rotarian of the Year" award, based on her active volunteerism during the

Haiti earthquakes. Garrett took the lead on a project called "Shoes of Orphan Souls," turning it into a vehicle for Haiti relief. She mounted a letter-writing campaign to every shoe store in the area, including Walmart, soliciting donations of shoes and socks for Haitian children affected by the disaster.

In the Kearney area alone, Garrett raised 292 pairs of shoes and 187 pairs of socks. "We're extremely proud of Tori for her leadership and compassion, going beyond the call of duty," said Bank President Larry Ellington. "Ours is a community that rewards these qualities, which is why they choose to bank with people like Tori and the rest of our outstanding team." Kearney Rotary plans to award the "Rotarian of the Year" title each year to a member who has exceeded expectations and shown exemplary leadership. KCB Bank has been in business since 1887. KCB has two locations in Kearney, 950 W. 92 Highway and 100 W. 92 Highway, and one location in Liberty, 930 W. Liberty Drive. It also has ATM locations in Kearney and Liberty. For more information, visit www.kcbbank.com.

##
