Calendar Of Events

JUNE

4 – Excelsior Springs Hospital Golf Tournament, for more information please contact Jeanne Buckman, 816-629-2768, or email jbuckman@esmc.org.

10 – Kearney/Smithville Chamber of Commerce Golf Tournament. Please contact Jim Smith at 903-0053 for more information.

11 – 9:00 p.m. Movie night at Citizens Bank & Trust, featuring “The Blind Side”.

It's that time of year again for Chamber Membership dues. We will be doing something different this year and will be hand-delivering and emailing the majority of our renewal notices to help cut mailing costs. Notices will be going out next week. We appreciate all our members' support – YOU are what makes this Chamber great! We continue to be one of the largest, most active chambers in Clay County. We're always looking for ways to help the community and fresh ideas to incorporate into our Chamber, and appreciate all your ideas and suggestions.

Please keep an eye on your emails for your upcoming dues notice. We look forward to serving you and are excited about beginning another year in our wonderful town!

##

Business of the Month – A Touch of Health Chiropractic

When my husband had the chance to transfer back to Kansas City with Continental Express Airlines, we jumped at the chance. Kearney was the logical place to buy our

home. We had loved Kearney when we lived here for 8 years, prior to moving to Louisiana in 1996. For the first 6 months I was back, I worked for another chiropractor in Independence. I had always had my own office and found it hard to fit into her “box”. Within a few weeks of starting there, I started looking for the “perfect” location for my office. My chiropractic office is a unique place because of the “feel” of the office. It seems more “homey” than clinical. I always have said I treat my patients the way I would want to be treated. I insist on a friendly atmosphere in the office with very small wait times for the patients. It's all about patient service. I also have spent many after hours times in the office and have been know to pack up my portable table and do a house call on a house bound patient.

My whole office and philosophy is about optimum health for the whole body. Besides chiropractic care, I have many things to get the best possible results for the patient. I have supplements in the office and make use of muscle testing and hair analysis to figure out the most efficient supplements for the patient. I also believe that posture is critical and have exercises to improve your posture. I have a BEST foot spa that helps to detoxify the body. Custom-made orthotics are available through Footlevers. We scan the feet and send it directly to the

company, which builds your orthotics for your shoe. I also make use of cold light laser, electric stimulation, ultrasound and trigger point therapy to help the patient heal faster. There is also a massage therapist, Marla Bressman, LMT, available in my office. You can look for all our services on my website

www.atouchofhealthchiropractic.net or

www.drjulieholtz.com

I am the new Chamber President, Chamber Board member, Senior Center Board member, Rotary, Kearney Business Group Sec/Treasurer (2009-2010), Knights of Columbus Auxiliary, Missouri State Chiropractor Association Board Member and acting secretary, Part IV Chiropractic Board of Examiners.

My husband and I are “Yorkie Crazy”. I started having that “empty nest feeling” when our youngest, Andrew, was a junior in high school, my husband, Bill, got me my first Yorkshire Terrier, Julie's Little Cup of Cappuchino or “Cappy”. I think he thought it was a puppy or adopt a new baby and he thought the puppy would be a lot less trouble. Cappy traveled all over the country with us for Andy's soccer. We decided to breed her to a champion in Belton, MO, while we still lived in Louisiana. From that litter we got our first Show Quality male, “JB's Little

New Members!

Mac Attack". From him we have finished 2 of his offspring in the last year-- "JB's Mac's Entire Dream" or Reba McEntire and "JB's Fly Me to the Moon" aka Rocket Man. We spend a lot of time traveling in our "Yorkie Mobile" within a 4-6 hour radius of Kearney. Right now we have a 14-week-old special puppy "Madeline" who is already showing "show" promise and a litter of 5 who still don't have their eyes open yet. To check out our "kids", visit our website www.preciouslyorkiepuppies.com 5 years from now I hope to be right here in Kearney, treating more patients in a family friendly atmosphere. I will still be just as involved in the community. I always tell my patients I'm going to live to be 102 quality years and I'm not retiring until I'm 80, so they're stuck with me for awhile.

Animal Clinic of Kearney Receives AAHA Accreditation

The Animal Clinic of Kearney, LLC, has again received accreditation following a comprehensive evaluation by the American Animal Hospital Association. The evaluation includes a quality assessment review of the clinic's facility, medical equipment, practice methods and pet health care management. Only 15 percent of all small animal veterinary practices in the U.S. have

achieved accreditation by the American Animal Hospital Association. In order to maintain accredited status, The Animal Clinic of Kearney must continue to be evaluated regularly by the association's consultants. "The Animal Clinic of Kearney belongs to a select group of practices that are committed to meeting the highest standards in veterinary medicine," says Anna Worth, VMD, AAHA president. "AAHA hospitals pass a stringent evaluation of over 900 standards covering patient care, client service and medical protocols. By attaining accreditation, Dr. Wayne Morris and his staff are demonstrating their dedication to offering the best care to their patients and clients."

Established in 1933, the American Animal Hospital Association is the only organization that accredits veterinary practices throughout the U.S. and Canada for dedication to high standards of veterinary care.

Approximately 3,000 AAHA-accredited practices pass regular reviews of AAHA's stringent accreditation standards that cover patient care, client service and medical protocols. For pet care information or referral to an AAHA-accredited practice, visit www.healthypet.com.

The Animal Clinic of Kearney, located at 310 South Jefferson Street in Kearney, has been an accredited practice member of the association since 2008. For more information visit the clinic's

website at www.animalclinickearney.com

##
