## Welcome to Kearney!

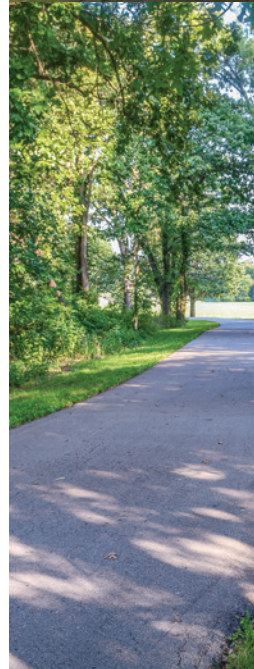

We continue to be one of the fastest-growing cities in Missouri, and it shows. Commercial development has exploded, meaning more places to shop and eat, plus more jobs coming into town. As we have grown, we have added many new entertainment and recreation opportunities, and will continue to do so. Property values are high, and our school district is thriving. We truly are a city on the move!

Kearney is poised for massive growth, and we invite you to take the adventure with us.

# PARKS & RECREATION

Kearney has a growing park and trail system that is second to none. Multiple city parks feed miles of trails, with connectivity between them a top priority. We offer many amenities, including a state-of-the-art amphitheater, a challenging disc golf course, brand-new pickleball courts, a new skate park, ample play equipment, picnic shelters, baseball diamonds, soccer fields, and much more. We also offer a full range of youth recreation opportunities. We aim to be a major source of fun and recreation for your family!

## City Parks

With three fully developed city parks, Kearney offers a wide variety of opportunities to get outside and play.

Jesse James Park is the home to a huge playground area with top-of-the-line equipment, 1.5 miles of paved trail, an 18-hole disc-golf course, soccer fields, the Kearney Amphitheater, and festival grounds. Recent improvements include a walking bridge crossing Clear Creek, connecting the trails of Mack Porter Park to Jesse James Park.

Mack Porter Park features three lighted 200-ft. youth baseball/softball fields and two lighted 300-ft baseball/softball fields, in addition to one regulation baseball field for daytime use only. Amenities include concession stands, covered dugouts, a playground, and a 1-mile paved walking trail.

Lion's Park, in the center of town, boasts a toddler-themed playground and an open-air performance stage. Planned improvements include a complete park overhaul, with new play equipment, shelters, bathrooms, and a large splash pad water feature.

## Jesse James Disc Golf Course

Established in 2012, this course features 18 holes that wander through technical, hilly, and wooded terrain. The design is great for beginners and advanced players alike.

## Trail System

The City of Kearney has over 7 miles of paved walking trails for residents to explore. The most recent addition is the Clear Creek Crossing trail and pedestrian bridge. Completed in winter 2017, this project connects the trails of Jesse James Park on the north side of Clear Creek to Mack Porter Park on the south side. The combined trail distance is just over 3 miles, and the views are breathtaking. Combine this project with the City's continued commitment to making Kearney a "walkable" town, and you'll see why our trails are a favorite of our residents.

## Pickleball & Skate Park

In the spring of 2017, the Kearney Parks department installed a dual-purpose skate park and pickleball court complex on the old Kearney High School tennis courts. The skate park features several grind rails and ramps, including a half-pipe. People of all ages are welcome to test their skills on the challenging yet fun course.

Separated by a fence, the pickleball complex features 3 courts. On most evenings you can find a gathering of willing partners and opponents. Pickleball has proven to be extremely popular, as it truly can be played by participants of any age and physical ability. Stop by and catch a game this evening!

# HISTORY

Jesse James Birthplace

Watkins Woolen Mill

From its humble beginnings in 1856 as a railroad and livestock community, Kearney has kept a respectful eye on its rich and colorful past. Kearney embraces its place in American history and folklore as the birthplace of one of the West's most notorious characters: Jesse James. A visit to Kearney can serve as a jumping-off point to explore all of Clay County's carefully preserved historic sites.
